Fastest Establishing Bluegrasses

Jack Trice Stadium | Ames, IA

Residential Lawn | Peoria, IL

365ss[®] is the Ultimate Kentucky Bluegrass Blend

FAST ESTABLISHMENT—extremely fast to germinate and establish creating a dense, durable sward.

SUPERIOR WEAR TOLERANCE—recovers rapidly under heavy traffic.

EXCEPTIONAL TURF QUALITY—dark green with a beautiful appearance on and off screen.

VERSATILE APPLICATIONS—perfect for sod production, sports fields, home lawns, and overseeding.

PROVEN GENETICS—combines top-rated NTEP varieties Bolt, Legend, and Blue Note.

A-LIST[®] APPROVED—these varieties have shown the ability to maintain excellent turf quality under the harshest conditions, requiring less water, fertilizer, and chemicals to do so.

	BLUE NOTE 	BOLT 	LEGEND 
Turf Quality	#1 6.5	5.9	5.9
Seedling Vigor	6.1	#1 7.7	5.7
Dollar Spot Resistance	8.0	5.7	#1 8.7
Mowing Quality	#1 8.7	8.0	6.0
Turf Uniformity	#1 7.8	7.1	7.3

All data taken from the 2011-2016 NTEP Kentucky Bluegrass Trial Report. Ratings 1-9; 9 = Best.

365ss[®]

Greater Nevada Field | Reno, NV

Tuckahoe Turf Farms | Hammonton, NJ

SEEDING

For most applications, 365ss should be sown at 2-4 lbs per 1,000 sq. ft. or 100-175 lbs per acre. Consistent watering is very important until after the first cutting. 365ss is ideal for renovating existing turf that has been damaged or thinned by disease or wear. Overseed at 1.5-2.5 lbs per 1,000 sq. ft.

MAINTENANCE

365ss is versatile, growing well in both full and partial shade, and under both high and low maintenance programs. Mow as necessary, removing no more than 1/3 of the leaf. 365ss can be maintained at 0.5 inch height when adequate moisture and nutrients are available. As a minimum, fertilize annually with 2-3 lbs of nitrogen per 1,000 sq. ft. in a balanced formulation. More intensive programs produce a denser, more attractive turf.

SUPERIOR SOD STRENGTH

This piece of sod, cut from the field, shows the tremendous amount of root growth and rhizome formation that provides 365ss its extreme wear tolerance. This field was less than 7 months old when played on.

“We chose 365ss because of its fast germination and wear tolerance. We have been impressed with how well it has performed for our team and how great it looks.”

Josh Tvrdik, Director of Turf & Grounds | Iowa State Athletics

“We planted 365ss two seasons ago. It’s since shown excellent color, density and durability. Our clients are very happy with the results.”

Ben Wilson | Wilson Services of Central Illinois, Inc.

“365ss thrives in Reno. The bounce back from wear-and-tear is incredible. It more than handles our hot, dry summers and makes a great canvas for all our wild pattern ideas.”

Leah Withrow | Greater Nevada Field, 2022 SFMA Field of the Year

“365ss is the next generation of Tuckahoe’s Game Day Sod[®] that is used by a number of professional sports fields around the region.”

Allen Carter, Business Administrator | Tuckahoe Turf Farms

“Mountain View Seeds’ 365ss Kentucky Bluegrass blend has allowed our farm to maintain a high standard while excelling in the industry. I look forward to continuing to rely on Mountain View Seeds as they have proven their worth every time for us.”

Justin Payne, President | Payne Sod Farm, Inc.

Elevate Your Course with 365ss

365ss Kentucky Bluegrass Blend meets the demands of high-traffic courses, combining rapid establishment with exceptional durability. Its vibrant color and quick recovery ensure your course looks and plays at its best. Trusted by superintendents, 365ss delivers reliable performance and a premium finish.
